2.5.1: Reforms in Continuous Internal Evaluation(CIE) system at the institutional level

The followings are the evaluation processes implemented by the institution:

1. **Seminar:** Seminars are conducted for students at college level. Selected topics are assigned and students are asked to present the seminar papers by referring books. The performance is evaluated on the basis of presentation skill, subject knowledge, communicative competence, response by the class etc.
2. **Group Discussion:** The current issues are given for the discussion to the students. Through Group Discussion, student's subject knowledge, oratory and vocabulary skills, social awareness etc. are evaluated and marks are given as per participation and performance. This helps to motivate the students and enhance knowledge by sharing thoughts.
3. **Home-Assignments:** The students are asked to submit Home-Assignments as per the schedule displayed by the internal examination committee. This develops amongst the students writing skills, learning skills and comprehension of the subjects.
4. **Semester Examination:** At the end of each semester, the students appear for the semester examinations as per the university guidelines.
5. **Project-work:** For the students, projects are assigned related to their subjects. The teachers evaluate the projects on the basis of the field work done by the students and active participation for completion of project. The objectives to enhance critical thinking, analytical skill, and collaborative learning skills are fulfilled through project works.
6. **NCC / NSS / Scouts and Guides / Youth Red Cross:**

Students who take active part in various camps under different units of the college, they are provided with additional classes by different subject teachers to cope up the course curriculum.

  
Principal,
